

A NOTE BEFORE YOU READ ON

Let this be the easy part.

You have most likely never done this before; it is completely normal not to know how many people to book for, whether a preview is expected, or the overall logistics of a wedding day. It is our job to walk you through it.

So this guide is written the other way around. Every price is published, every question we get asked is answered, and a whole morning is worked out for you so you can put a real number in your spreadsheet tonight.

We want to make this process as seamless and easy as possible for you, and we are so excited to connect!

With love, the Evine Beauté team

We've got you covered

A list of our frequently asked questions, so you don't have to wonder.

Do you require a deposit?

Yes, we require a non-refundable deposit and a signed contract to lock in your date. We will never chase you for a payment; your remaining balance is due one week before your event day.

How many people do I book for?

Bride + 3 is our minimum for package rates. Fewer or just you are still welcome.

Who counts as the party?

Anyone in the chair that morning — mom, mother-in-law, bridesmaids, friends, etc.

Do I need a preview?

Never required and always billed separately from your wedding day, it is a great way to meet your glam team and plan your dream look before the big day.

Can I book only hair, or only makeup?

Yes. They are priced separately, and plenty of brides book one and not the other.

What time do you arrive?

We build your timeline from the moment we arrive until you start getting dressed, and we send it to you before the day.

Does someone stay all morning?

We finish and go. Add a trailing service if you would like an artist to stay with you.

How does travel work?

We offer in-studio sessions in Alexandria and Tysons, VA, as well as on-site sessions. We quote travel on your proposal once we know your getting-ready location, charged per team member.

Do you do airbrush makeup?

No. Airbrush is an upcharge that cannot be customized to you the way a traditional application can — so we save you the upcharge and get the same result, often better.

What could change my total?

Travel, an early start, and any enhancements you choose. Nothing appears without warning.
